Early Literacy Professional Development Planning Guide

Professional development is the backbone of strong implementation, and Amplify welcomes the opportunity to partner with you to design a professional development plan that meets your needs when using multiple products. This planning guide will support you in selecting:

- just-right sessions for your teachers and leaders who are either new to or currently using Amplify's early literacy programs
- appropriate delivery methods and durations
- learning sequences when using multiple Amplify programs

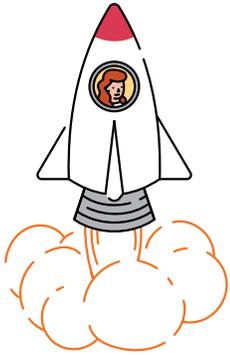

Supporting success

Professional development will set your teachers and leaders up for success. Our interactive sessions will help you **launch, strengthen, and coach** teachers and leaders to implement the program with ease and provide students with an impactful experience.

LAUNCH

Beginning of the year

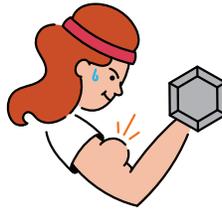

Propel into the new school year with sessions that introduce you to your Amplify Program and support you in a strong implementation.

Before teaching

STRENGTHEN

Mid-year, end of the year

Boost implementation with sessions that target specific instructional practices.

After 6+ weeks of teaching

COACH

Mid-year, end of the year

Guide teachers and leaders with targeted learning tailored to their specific needs.

Flexible delivery options

Amplify is prepared with session options that fit your time, budget, and preferences.

Onsite support

In person, up to 30 participants

Remote support

Live webinar, up to 30 participants

Online course

Self-paced

Recommended sessions for teachers and leaders

Below you will find recommended professional development plans for teachers and leaders who are either new to or currently using multiple early literacy products, including the following:

- Amplify CKLA®
- mCLASS® with DIBELS® 8th Edition
- mCLASS Intervention
- Amplify Reading

If you are implementing the full literacy suite, we recommend the following training schedule:

- Day 1: Amplify CKLA
- Day 2: mCLASS D8 with Amplify Reading
- Day 3: mCLASS Intervention

Otherwise, please see the table below to choose sessions based on the product(s) you are implementing.
