

Knowledge Strand: Culminating Research Units

The culminating unit in every grade is a dedicated Research Unit that includes carefully selected trade books. Instruction models inquiry and research, with students conducting independent research that includes topic selection, using primary and secondary sources, and presenting their project.

Grade
K

UNIT 10

Shaped by Nature: Art and the World Around Us

Students learn about different kinds of art and how artists use the world around them as they make art.

Grade
1

UNIT 10

Adventure Stories: Tales from the Edge

Students study the careers of real-world explorers Dr. Eugenie Clark and Sophia Danenberg, and marvel at the inventions of Jacques Cousteau.

Grade
2

UNIT 10

Taking Flight: The Age of Aviation

Students learn the stories of early aviators, such as the Montgolfier brothers, the Wright brothers, Áida de Acosta, and Amelia Earhart.

Integrated Strand: Culminating Research Units

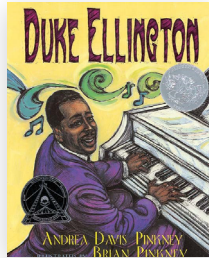

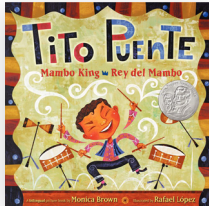

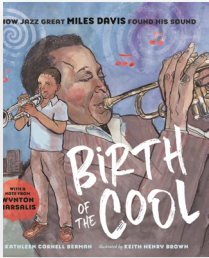

The culminating unit in every grade is a dedicated Research Unit that includes carefully selected trade books. Instruction models inquiry and research, with students conducting independent research that includes topic selection, using primary and secondary sources, and presenting their project.

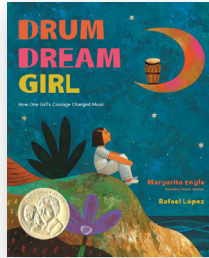

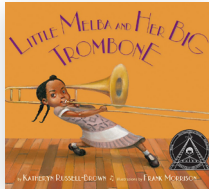

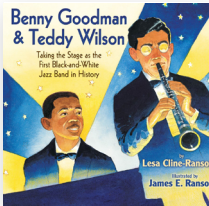

Grade 3

UNIT 9

From Blues to Bebop: All That Jazz

Students learn about the vibrant music, poetry, and culture of the Jazz Age in the United States.

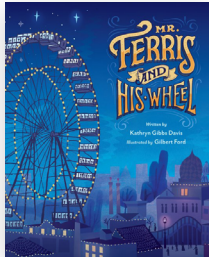

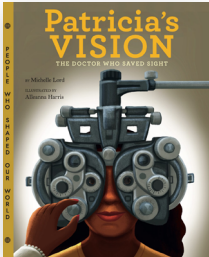

Grade 4

UNIT 9

Inspiration and Ingenuity: American Innovation

Students explore the rich history of American innovation, building on the foundational knowledge gained from the Eureka! Student Inventor unit.

Grade 5

UNIT 9

Building Up the World: Global Architecture

Students learn about both the art and science of architecture, gaining a working understanding of architectural design elements like form and function and of how those elements are connected to people, places, and times.
