

Dear parents and guardians,

Amplify Reading provides your child with the opportunity to learn literacy skills within an engaging story world that is powered by technology that adapts as your child moves through the program. Your child learns with Amplify Reading during school hours, but can also access Amplify Reading at home. Below is a recommended schedule for using Amplify Reading at home.

Because of the personalized nature of the program, parents do not need to assist students with their learning. Students can use the login information shared below to continue with Amplify Reading, and teachers can continue to track their students' progress in the program, which will update in real time.

Recommended use

Amplify Reading should be used two to three times per week for a total of 30-45 minutes each week.

Illustrative Weekly Schedule

Monday	Wednesday	Friday
Play Amplify Reading (10-15 mins)	Play Amplify Reading (10-15 mins)	Play Amplify Reading (10-15 mins)
