

Welcome, Louisiana Reviewers!

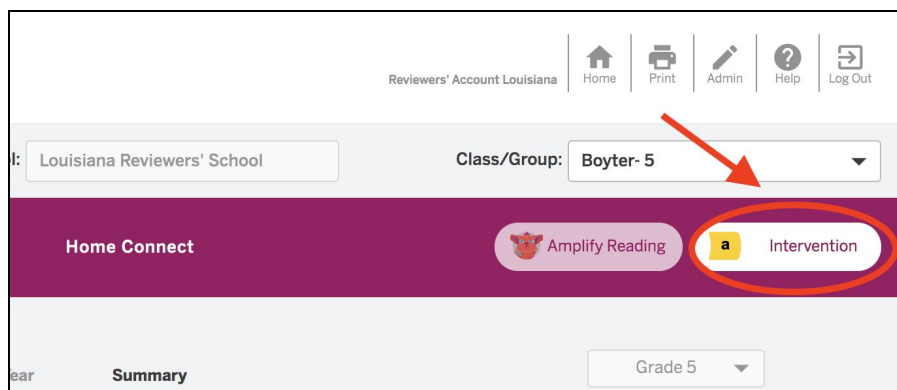

The best way to evaluate lessons and placement test materials in mCLASS Intervention is to review the samples on [this site](#).

You are also able to review lessons by logging into mCLASS Intervention. This is a good option if you'd like to see how mCLASS Interventionists access lessons in addition to reviewing them.

1. Log in to mCLASS Home (mclass.amplify.com) using these credentials: rlouisiana / Abcd1234.
2. Click **Reading**

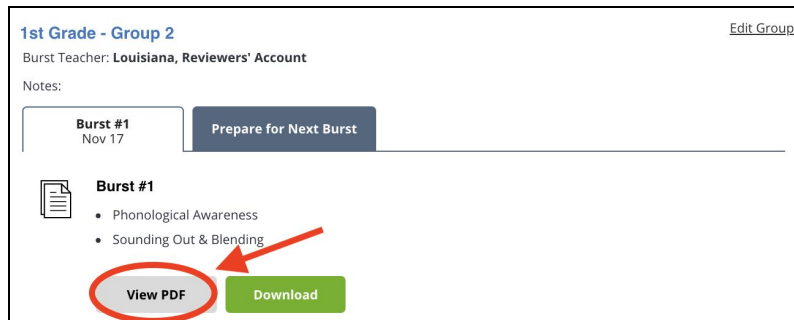

3. Click **Intervention**

4. Click **See Groups & Lessons**

5. Click **View PDF**

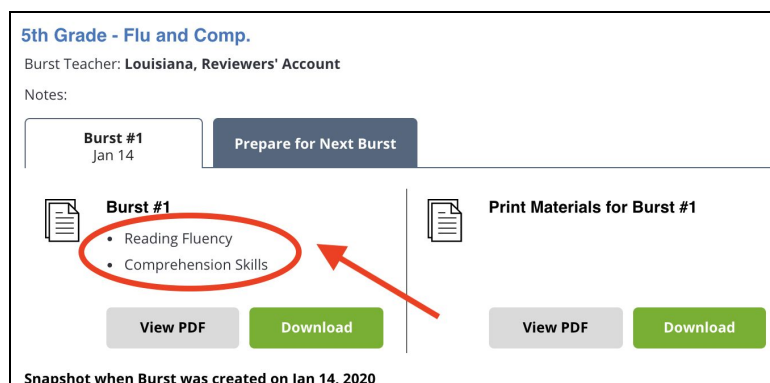

6. Review the group's lessons (the 10-day plan is on page 3 and activities start on page 4)

7. To review another intervention group's lessons, change the group in the Group drop down

You can find the skills being worked on by each group here:

8. Review the lessons assigned to the new group
