Skills 6

Activity Book

This Activity Book contains activity pages that accompany many of the lessons from the Teacher Guide for Unit 6. The activity pages are organized and numbered according to the lesson number and the order in which they are used within the lesson. For example, if there are two activity pages for Lesson 4, the first will be numbered 4.1 and the second 4.2. The activity pages in this book do not include written instructions for students because the instructions would have words that are not decodable. Teachers will explain these activity pages to the students orally, using the instructions in the Teacher Guide. The Activity Book is a student component, which means each student should have an Activity Book.

Take-Home

Dear Caregiver,

This is a story your student has read at school. Encourage your student to read the story aloud to you and talk about the events in the story. If your student has difficulty reading a word, encourage your student to blend the word letter by letter to read it.

Kit can run.

Kit can skip.

Kit can flip and flop.

Kit can swim.

During the first few months of school, we have focused on teaching your student the specific sounds associated with each letter. Students must know these sounds in order to blend and read words. We will now turn our attention to learning the names of each letter so your student is able to recite the names of the letters in alphabetical order.

Point to each letter below and ask your student to say the letter name with you. If you like, you can sing the ABC song with your student as you point to each letter. Be sure to say the name of each letter clearly, especially if you are singing the ABC song. In class, we clap after the letters, 'l', 'm', 'n', 'o', and 'p'. This helps students avoid thinking 'lmnop' is a word.

Take-Home

Dear Caregiver,

Your student has been taught to read words with four sounds. These words contain consonant clusters (i.e., two consonant spellings that stand next to each other in a word). Consonant clusters are difficult to read at first. Encourage your student to read the groups of letters on the large circle by first saying the individual sounds and then blending the sounds to make “words.”

Ask your student to cut out the two circles. Pin the smaller circle on top of the larger circle with a brass fastener. Ask your student to spin the smaller circle to make words. Have your student read the words they make. (If you do not have a brass fastener, write the letter ‘s’ in front of each group of letters and ask your student to read the word.)
